DETAILED ACTION

1. Applicant's April 28, 2006 REMARKS have been reviewed. The previous rejection is withdrawn. However, the Official Notice taken is deemed admitted by Applicant, as it was not traversed.

Claim Rejections - 35 USC § 103

2. Claims 1-27 are rejected under 35 U.S.C. 103(a) as being unpatentable over Martin et al., US 7,047,219.

Martin discloses, e.g. Figs. 1-2, an Internet based finance system, e.g. 200, comprising a manufacturer or exporter who inherently possesses product information, financing parameter information, e.g. credit database 210, and a server system, e.g. 102 and a browser. Official Notice is taken that browser software used with web servers and a computer system has been common knowledge in the art previous to Applicant's filing date. To have provided such for Martin would have been obvious to one of ordinary skill in the art. It is noted that Applicant's claim language is replete with intended use language, e.g. "to review," "to cause," "to determine," that is not given the same patentable weight as positively recited claim language. The intended use claim language is deemed to be met by the Martin disclosure.

Applicant's April 28, 2005 REMARKS have been reviewed are convincing with regards to the previous Office Action, but are most in light of the new rejection.

3. Further references of interest are noted on the attached PTO-892.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Andrew Joseph Rudy whose telephone number is 571-272-6789. The examiner can normally be reached on Monday thru Friday.
